#### **Research Performing Organisations**

#### **Industry Partners**

#### International Academic Collaborators

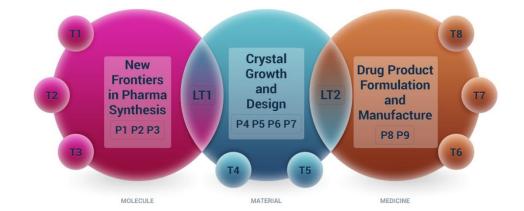

## Research Programme

### Molecule to Material to Medicine

- 3 Research Strands
  - New Frontiers in Pharma Synthesis
  - Crystal Growth & Design
  - Drug Product Formulation & Manufacturing
- Research Program
  - 9 Platform Projects
  - 8 Spoke Projects
  - 2 Linker Projects

- 3 Spoke projects
  - MOMEnTUM
  - Continuous Crystallisation Isolation & Drying
  - Advanced Biopharmaceutical Technologies

# Education, Training & Outreach

### **EDUCATION**

#### **Post-Primary**

- 'Innovations in Medicine'
  - (TY Module)

#### Third Level

- Structured PhD
  - 3 accredited, discipledicine specific modules

### H2020 ★★★ \*\*E\*\* €500K+ for E&O

#### **TRAINING**

#### **Masterclass Series**

- Chemical Safety Masterclass
- 100 industrial H&S site leaders
- Keynote by John Bresland
  - Former CEO US Safety Board

### **OUTREACH**

- National Crystal Growing Competition
  - >500 entries nationally annually
- RTE's The Late Late Show

# People & Knowledge

### **SFI PROFESSOR**

Prof.Michael Zaworotko

- Attracting international leaders
- First SFI
   Research Prof
- Featured in Science

### **SSPC SPIN OUT**

APC has created **160 new** jobs in Ireland

### **INDUSTRY-RELEVANT**

**70% PhD** graduates to industry; National avg. **32.3%**<sup>2</sup>

**45** Student Placements in industry
